Dear Sir,

This is to bring to your kind notice the evaluation components of the EOM course that will be adopted to through the Academic year 2025-26.

| Assessment Method                   | Time Duration                                                                                                                                                                   | Marks | Date                         |
|-------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|------------------------------|
| 1 Quiz                              | 15 minutes                                                                                                                                                                      | 5     | 01 September 2025            |
| 2 Mid-Term Test                     | 2 hours                                                                                                                                                                         | 30    | As per the Academic Calendar |
| 3 Quiz                              | 15 minutes                                                                                                                                                                      | 5     | 13 October 2025              |
| 4 Term Project Report               | Prepare a term project applying all the key dimensions of management (planning, organizing, human resource management, leadership, motivation, etc.). to a Fortune 500 company. | 5     | 11 October 2025              |
| 5 Term Project Presentation         | Prepare a presentation applying all the key dimensions of management (planning, organizing, human resource management, leadership, motivation, etc.). to a Fortune 500 company. | 5     | 21 October 2025 onwards      |
| 6 End Semester / Makeup Examination | Descriptive                                                                                                                                                                     | 50    | As per the Academic Calendar |

The Term project will not only enable us to evaluate the application of management concepts but also facilitate the evaluation of team effectiveness and leadership, which are part of our **Course Learning Outcomes**.

Request your kind approval for the same.

Thank You,

  
Smitha Nayak, Additional Professor, Department of Humanities and Management, MIT
